

Leveraging a Continuous Improvement Model for Future Student Success

Jeremy Stinson, Ph.D.
Director, Arkansas

JD Hardin
Regional Director of Advocacy

SEAS Arkansas Educational Conference
July 25, 2024

Our Vision

To impact and inspire education providers to advance and enable pathways for success for all learners

Our Mission

To serve as a trusted partner in advancing learning

A young girl with curly hair styled in a bun is smiling and looking at a tablet device. She is wearing a yellow and grey striped shirt under denim overalls. The background is a bright, blurred classroom setting with windows and shelves.

Your success is our mission.

Cognia is a forward-thinking, nonprofit organization laser-focused on improving educational opportunities for all learners.

Knowledge is Opportunity.

Cognia is a global nonprofit that has the knowledge to help schools improve outcomes for all learners.

The Cognia Network

129

years of knowledge and expertise
in continuous improvement

40,000

schools and districts

94

countries

18,000,000

students

The world's largest accreditation and improvement network

Over a 3-year period, Cognia teams have spent:

29,282

hours observing

87,845

classrooms

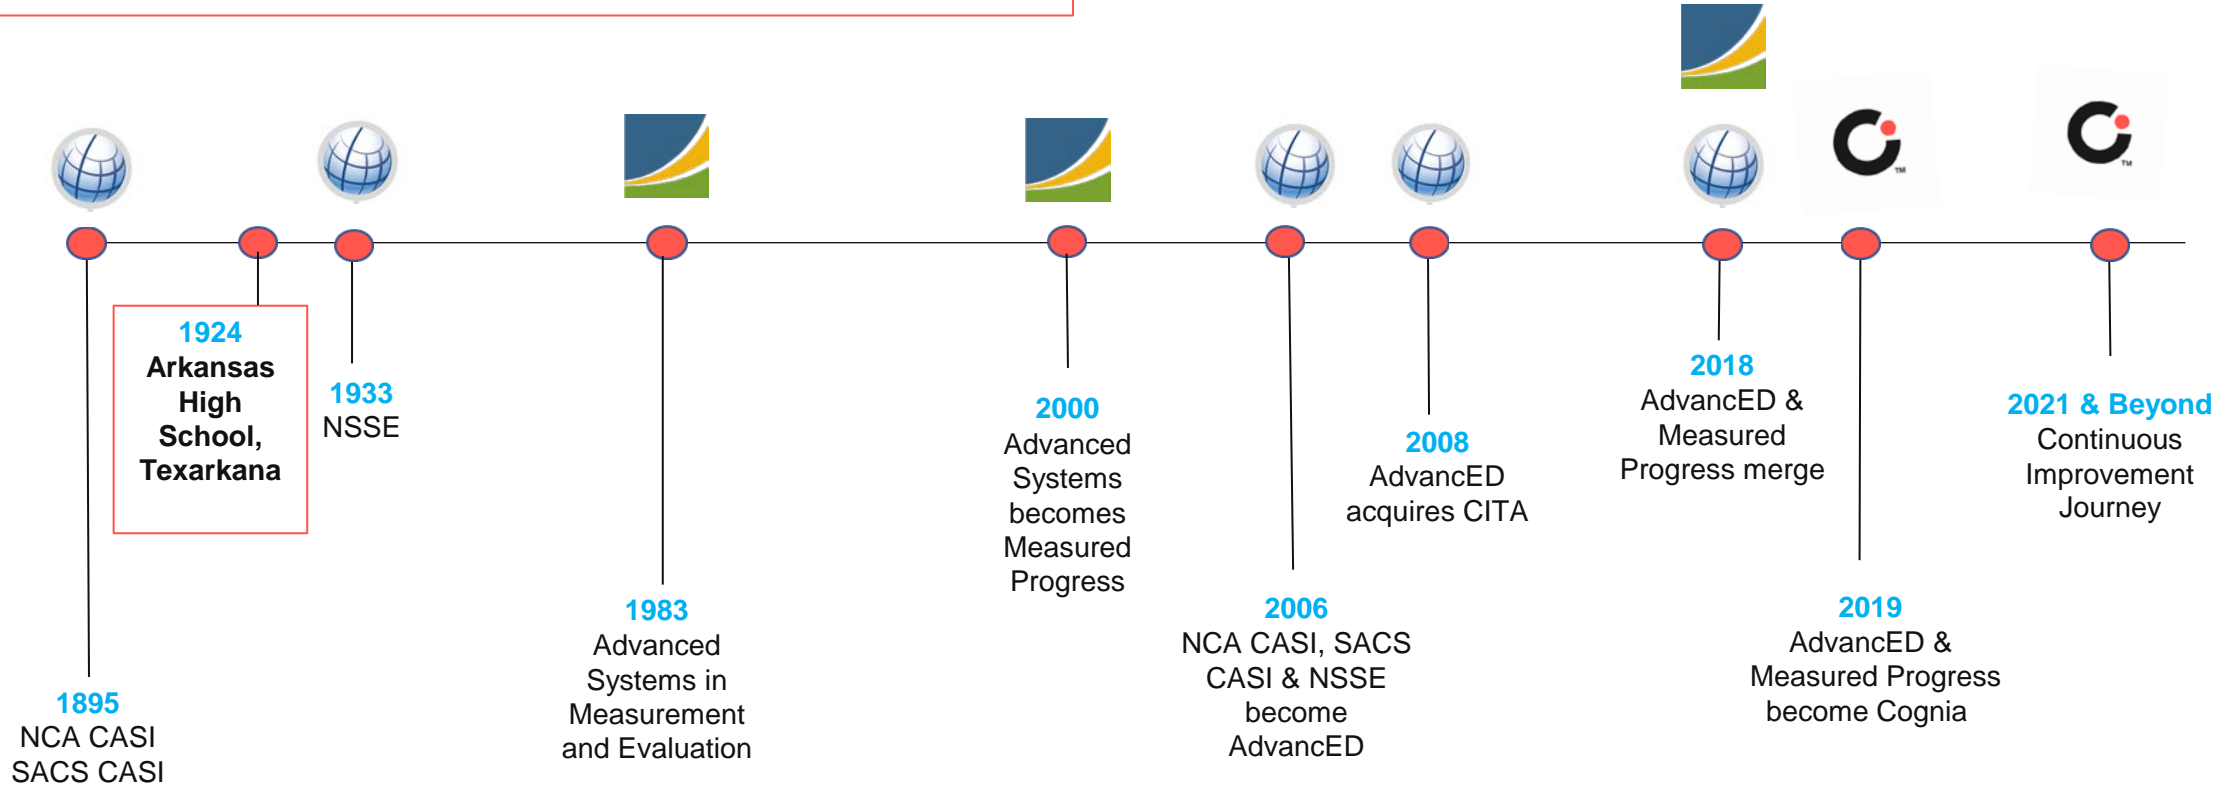

5,264

schools

History At-a-Glance

Longest Cognia Accredited Schools in Arkansas

- Arkansas High School, *Texarkana*, 1924
- Rogers High School, *Rogers*, 1937
- Marked Tree High School, *Marked Tree*, 1952
- Nettleton High School, *Jonesboro*, 1965

Purpose

Learn more about how a Continuous Improvement Model can support you on your continuous improvement journey.

Objectives

Learn about an improvement model & supporting resources

Examine a high-level overview of support resource tools

Hear more about how tools can support your continuous improvement

Defining continuous improvement

Continuous improvement?

“I want you to find a bold and innovative new way to do everything exactly the same way we’ve been doing it for 25 years.”

Let's brainstorm together on paper...

What does “continuous improvement” mean to you?

Who should be involved in continuous improvement?

Why should institutions engage in continuous improvement?

When should continuous improvement take place?

“Continuous improvement is an **embedded** behavior within the **culture** of a school that **constantly** focuses on the conditions, processes, and practices that will **improve teaching and learning.**”

Mark A. Elgart, Ed.D.

Why engage in continuous improvement?

Schools that excel at continuous improvement:

- Demonstrate a commitment to the practice
- Take a holistic approach planning academic and non-academic measures
- Examine the whole learning environment, beyond the curriculum
- Embed measurement science in the improvement process
- Adopt a research-based framework
- Implement a balanced assessment system
- Use data to define strategies and priorities
- Bring in community voices

Every institution,
regardless of where
they are today,
can be better tomorrow.

Understanding Cognia's Continuous Improvement Model

Cognia Continuous Improvement Model

Where are we now?

Where do we want to go?

How will we support & adjust?

How will we get there?

Cognia Continuous Improvement Model

Reflect, evaluate, and adjust

- Determine action effectiveness
- Hold collaborative discussions to discuss results
- Make decisions to continue or change action

Imagine the possibilities

- Gather data to understand current reality
- Identify trends to imagine the future
- Determine the connections between current reality and future trends

Build momentum and capacity

- Implement the strategies
- Monitor and adjust action
- Ensure stakeholder participation

Communicate with stakeholders

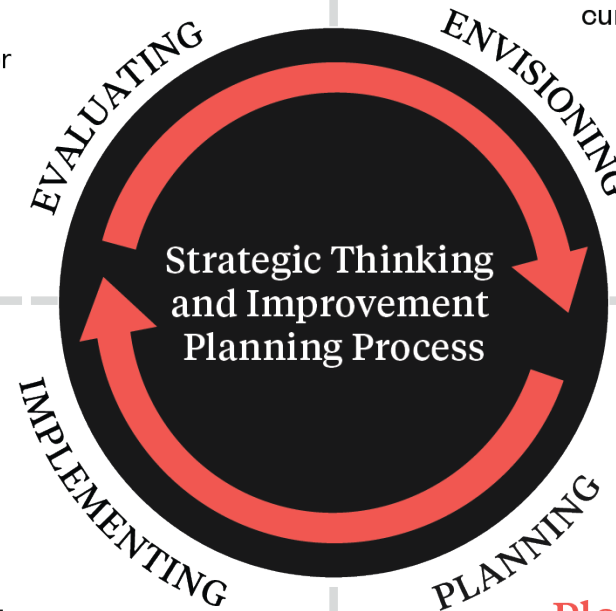

- Share what you've learned with your stakeholders
- Collaborate to determine priorities
- Ensure the vision aligns to priorities

Initiate the journey

- Engage in training
- Build acceptance and stakeholder buy-in
- Deploy the plan

Plot the journey

- Align priorities with goals
- Develop a plan to improve and sustain practices
- Identify strategies to fulfill the priorities

Resources

State-of-the-art continuous improvement productivity resources should include the following:

Envisioning: Getting started

- **Imagine** the possibilities
- **Communicate** with stakeholders

Use a word or phrase to describe your district's or school's current reality regarding continuous improvement support for SPED staff and students.

Using surveys and inventories for continuous improvement

Surveys and inventories can help institutions:

- Determine if the perception (survey) matches the experience (inventory)
- Gather data to help elevate stakeholders' voice
- Enable meaningful data collection and analysis
- Support sharing and collaboration

Types of surveys and inventories

- Culture and Climate Survey
- Student Engagement Survey
- Inventories
- Custom Surveys
- Other

Who are the stakeholders?

Why use certified content in surveys?

- Certified content provides validity and reliability.
- Aligned to be used as an ongoing tool to sustain stakeholder feedback in continuous improvement.

Observation Tools

Diagnostics

Surveys

Observation Tools

Cognia Learning Community & Communities of Practice

Formative Assessment Library

Teacher observation tools with the greatest impact should...

- Promotes learner-centric instruction
- Encourages effective teaching and learning practices
- Provides rich formative data for teachers and administrators
- Provides clear and focused feedback

School Quality Factors Self-Assessment for continuous improvement

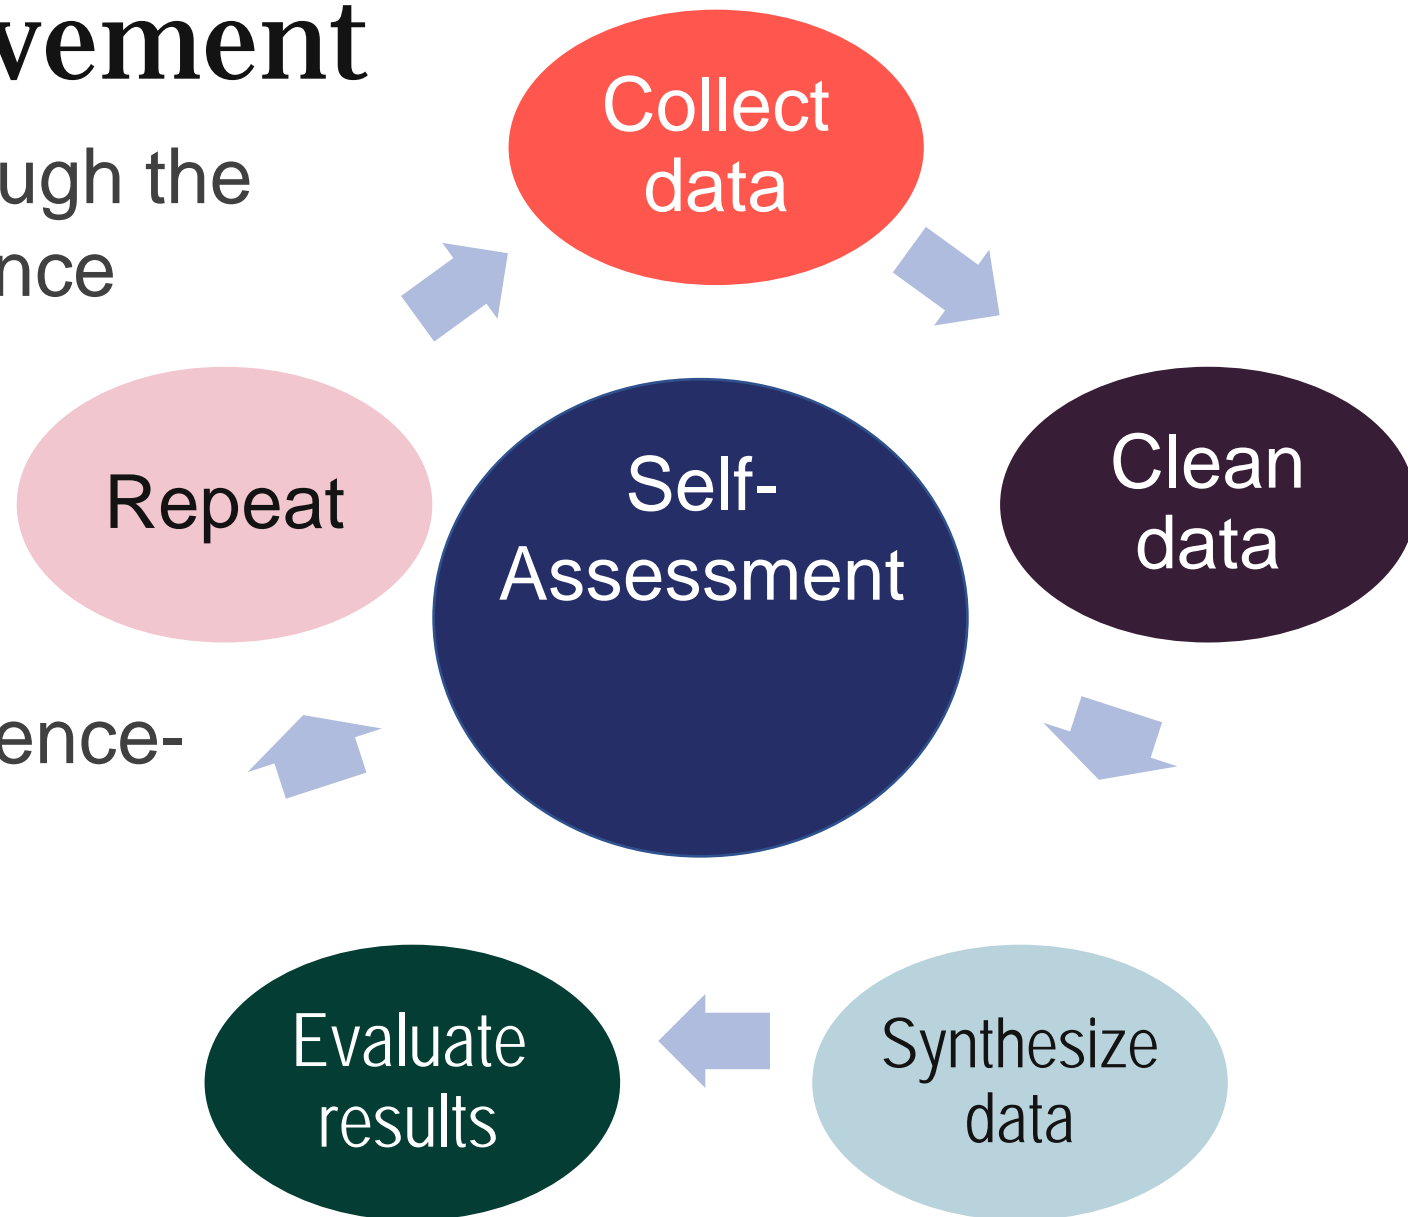

- Uses the seven quality factors from effective schools' research and experiential data from Cognia for continuous improvement
- Promotes dialogue and reflection
- Enables diagnostic and evidence-based needs analysis
- Supports collaboration
- Streamlines data/document collection

7 Quality Factors of Schools includes...

- Clear direction
- Healthy culture
- High expectations
- Impact of instruction
- Resource management
- Efficacy of engagement
- Implementation capacity

Self-Assessment diagnostic for continuous improvement

- Promotes self-reflection through the lens of the Cognia Performance Standards
- Promotes dialogue with all stakeholder groups
- Enables diagnostic and evidence-based needs analysis
- Supports collaboration
- Streamlines data/document collection

Planning and Implementing: Moving Forward

- Plot the journey
- Initiate the journey

Institution Planning

- How do you develop your plans?
- How do you measure success in your institution?
- What needs assessments do you use?
- How do you self-evaluate?
- How do you determine if an initiative worked?

A Guide for
Strategic Thinking
and Improvement
Planning

ENVISIONING PHASE

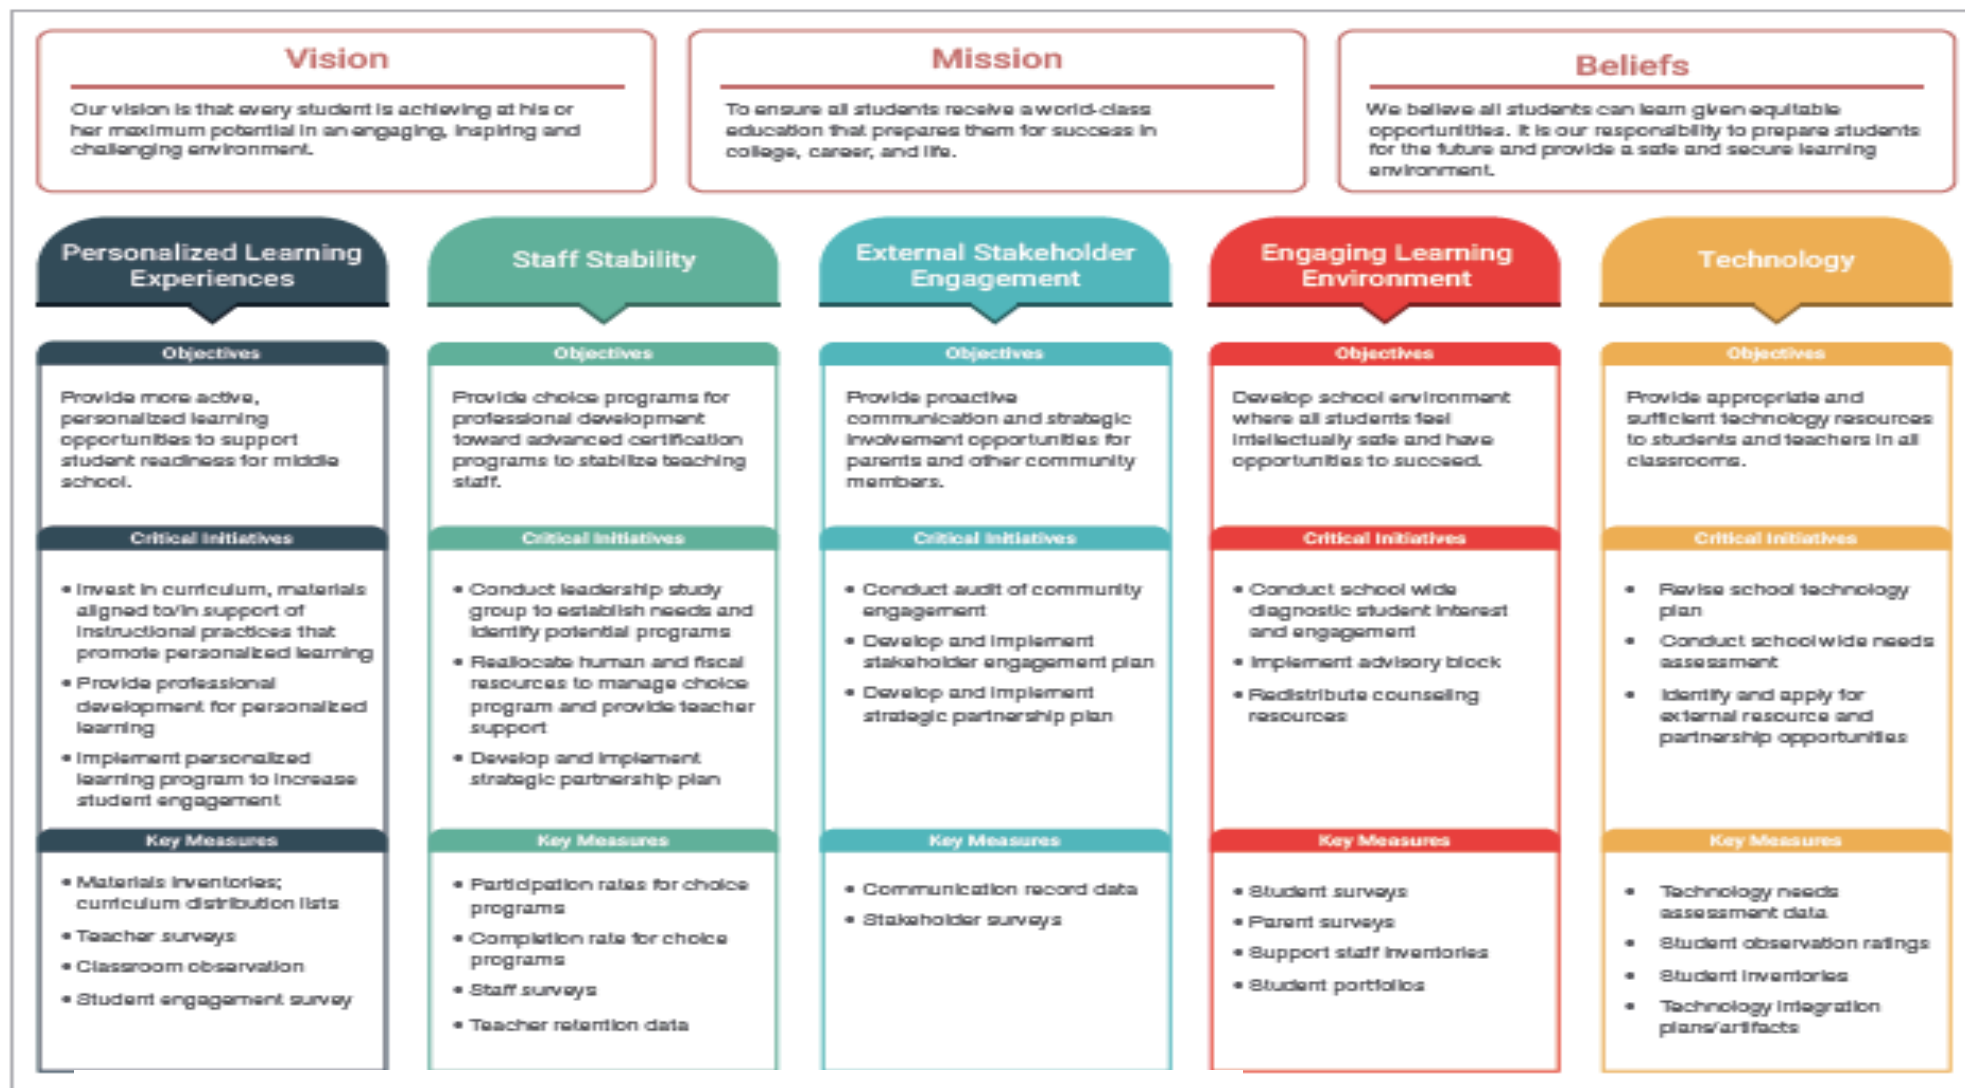

PLANNING PHASE

IMPLEMENTING PHASE

EVALUATING PHASE

Output of planning phase: Strategy Map

Example: Lincoln Elementary School

Output of planning phase: Annual improvement plan

08/01/2018 - 06/03/2019

Personalization

Objective

Provide more active, personalized learning opportunities to support student readiness

Critical Initiative

Invest in curriculum, materials aligned to/in support of instructional practices that promote personalized learning

Start Date: 08/01/2018

End Date: 05/31/2019

Key Measures

Material inventories; curriculum distribution list

Classroom walkthrough data

Critical Initiative

Provide professional development for personalized learning

Start Date: 08/01/2018

End Date: 05/31/2019

Key Measures

Teacher Survey

Classroom observation; teacher evaluation

Output of implementing phase: Annual implementation plan

08/01/2018 - 05/31/2019

Personalization

Critical Initiative

Provide professional development for personalized learning

Objective: Provide more active, personalized learning opportunities to support student readiness

Activity

Collect data regarding teachers' current knowledge

Person responsible: coaches and leadership team

Launch Date: 07/25/2018

Required Resources:

Financial Resource: \$0.00

Other Resource: staff surveys

Activity Measure(s)

Classroom observations, Teacher self-assessment surveys. Professional learning credits (PLC) minutes

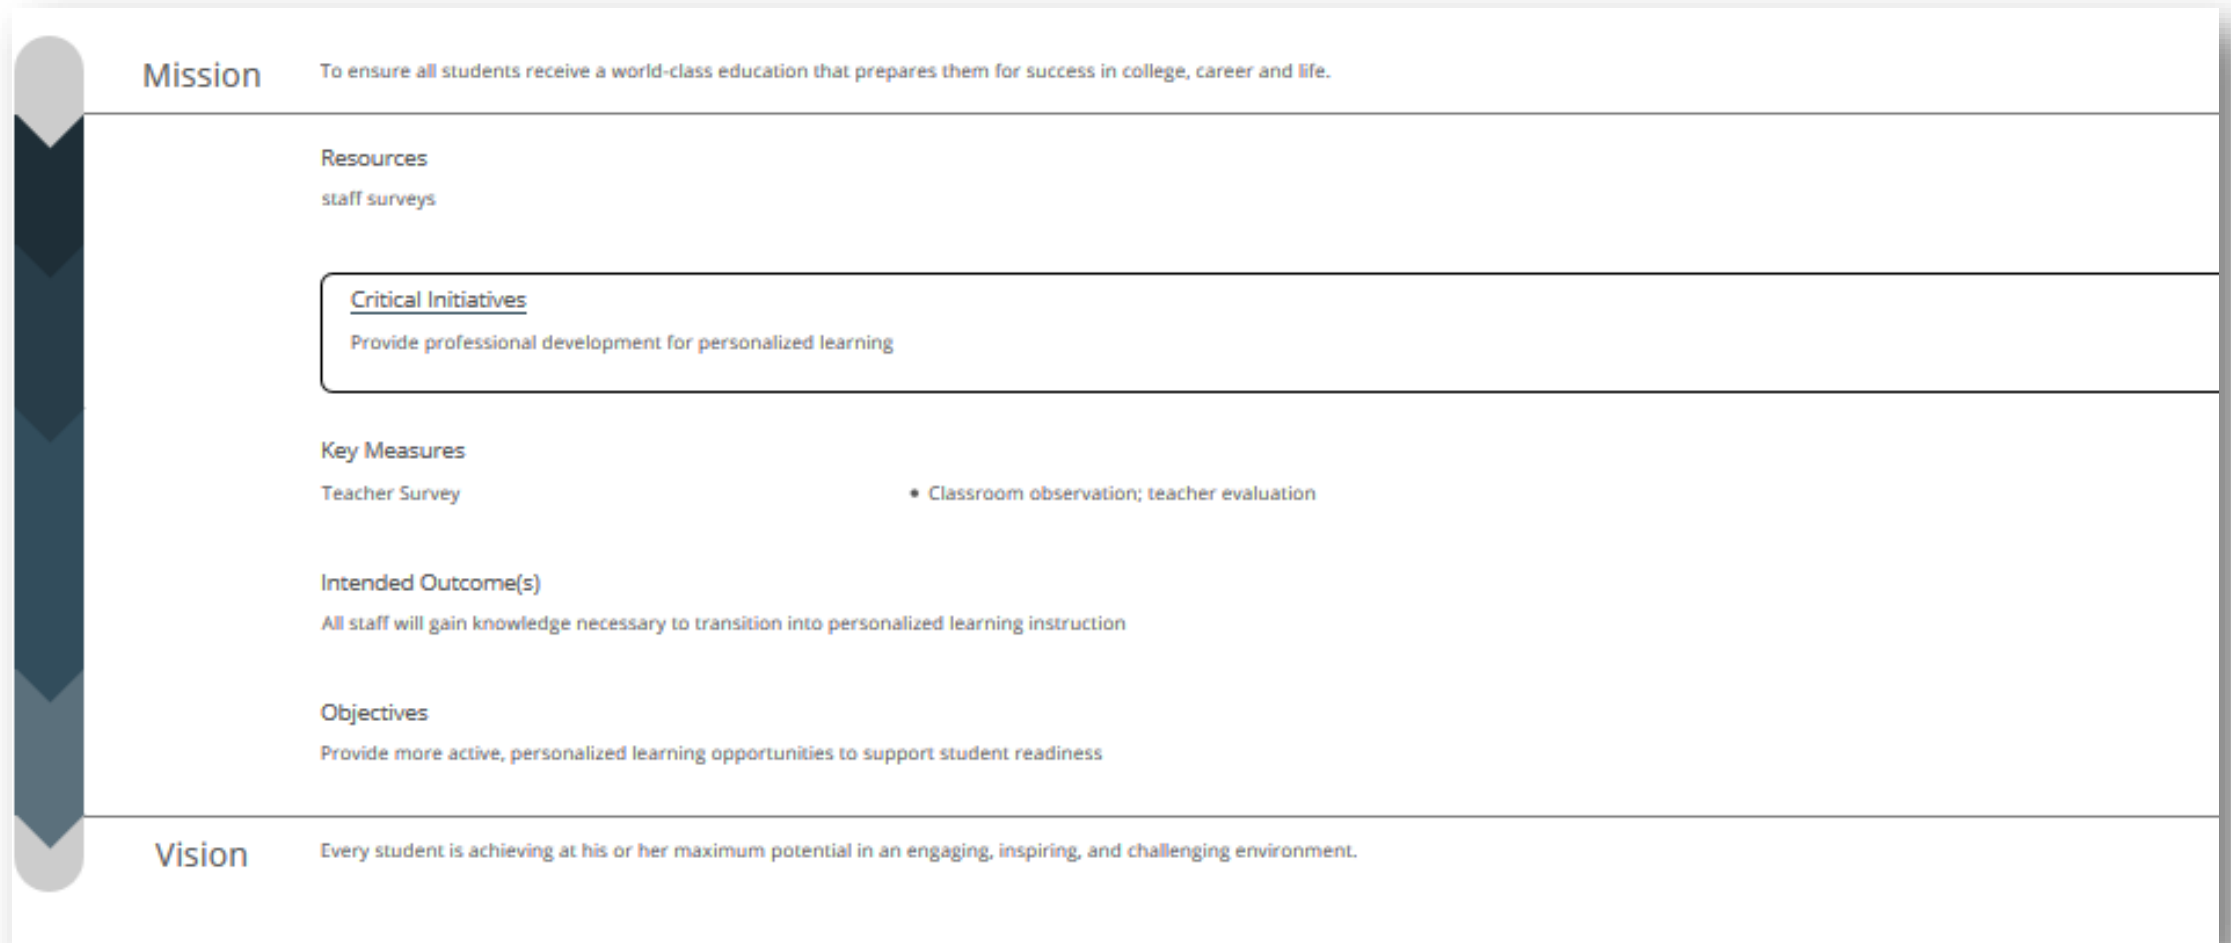

Benchmark(s)

Benchmark:

Target Date:

Overall output: Theory of action

Using Strategies for continuous improvement

- Moves institutions beyond accountability and compliance-driven approaches
- Cultivates a culture of continuous improvement
- Pushes institutions to think differently, strategically
- Provides a process and a tool
- Drives evaluating the parts and the whole, continuously

Learning Communities & Communities of Practice

Formative Assessment Library

A photograph of a classroom. A male teacher in a plaid shirt stands at the front near a whiteboard. Several students are seated at desks, looking towards the teacher. The scene is dimly lit, with the text overlaid in white.

Teachers should be the agents of
change, not the objects of it.

Dr. Arnetha Ball, Stanford University

Only 34 percent of teachers think professional development has improved over the years in helping them prepare for the changing nature of their jobs.

Model of Generative Change

CLC Learning Lab

BLENDED COACHING & PERSONALIZED PROFESSIONAL LEARNING

A photograph of a group of students in a classroom. In the foreground, a young woman with long dark hair, wearing a light green and white patterned sweater, is smiling and looking towards another student whose back is to the camera. Other students are visible in the background, some sitting at desks. The image has a dark overlay, and the text is centered in white.

CLC models the learning we
want teachers to create for their
students.

What is the Cognia Learning Community?

- Relevant, differentiated content
- Virtual visibility
- Just-in-time coaching
- Teacher and leader community

Evaluating: Making change

- **Build** momentum and capacity
- **Reflect**, evaluate, and adjust

Analyze improvements

- Examples
 - Stakeholder feedback surveys
 - Student engagement and teacher observations
 - Student performance
 - Discipline
 - Attendance
 - Theories of action

Communication is critical

- Share what you have learned with your stakeholders
- Collaborate to determine vision
- Define strategic goals in support of the vision
